

gap between the retirement of the current space shuttle in 2010 and the launch of the new Orion Crew Exploration Vehicle and Ares I Crew Launch Vehicle in 2015. During this time, the U.S. will lose all human spaceflight capability and will be forced to rely on foreign nations to carry our astronauts to the International Space Station. These outsourced space flights are estimated to cost around \$700 million to \$1 billion. The gap is also expected to have adverse effects on our national economy. NASA estimates that as many as 2,300 people could lose their jobs at Johnson Space Center in Houston as the shuttle fleet is retired. The funds that are included in this bill will help to accelerate the development of our next generation human spaceflight systems and minimize the undesirable consequences of this transitional period.

H.R. 6063 also includes funding for a wide range of different NASA initiatives such as space weather research and robotics development. The bill allows NASA to maintain a diverse portfolio of projects in science, aeronautics, and space exploration. By creating more quality jobs in this technical sector, we will be able to encourage future generations of students to pursue studies in science, technology, engineering, and mathematics (STEM) related fields. Creating this skilled workforce is an important step towards protecting our economic strength, our global competitiveness, and our national security.

Since its inception in 1958, NASA has been responsible for countless innovations and scientific breakthroughs. For decades, it has symbolized our Nation's position as the global leader in space exploration and research. I am proud to support H.R. 6063 so that NASA will be able to build upon its own prestigious legacy as we move forward into this new millennium.

HONORING THE LIFE OF TIMOTHY JOHN RUSSERT, JR.

SPEECH OF

HON. STEPHANIE TUBBS JONES

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 17, 2008

Mrs. JONES of Ohio. Madam Speaker, I rise to honor a staple in the American household on Sunday mornings, a political commentator, Tim Russert, whose untimely passing on Friday, June 13th in a Washington Bureau of NBC News has been a devastation for Americans everywhere. Tim Russert, 58, was a native of Buffalo, New York and the NBC News' Washington Bureau Chief.

Russert was an advocate of strong family values founded on principles of love and support as displayed in his dedicated marriage with his wife, Maureen Orth, and his continued encouragement of his son, Luke.

A passionate news journalist and attorney, Tim Russert accomplished many accolades throughout his lifetime. As a bestselling author and inspiration to many, Russert also devoted his time to athletics as an elected member of the Baseball Hall of Fame board of directors and as an avid supporter of the Washington Nationals and Washington Wizards.

Tim Russert was a devout Catholic that spent much of his time giving back to the community by offering aid to non-profit organi-

zations and Catholic charities. Russert was concerned with the welfare of children in the community, and specifically those who lost their lives to gun violence.

On behalf of the people of the 11th Congressional District in Ohio and the United States Congress, I extend my heartfelt sympathy.

Mr. MILLER of Florida. Madam Speaker, on behalf of the United States Congress, it is an honor for me to rise today in recognition of Harmon O. Massey, Jr., upon his retirement from the office of the Florida State attorney.

Mr. Massey's commitment to his country and community spans several decades and has taken on many forms. In 1965, Mr. Massey was awarded wings as an Air Force pilot. In addition to his military service, Mr. Massey vigorously dedicated himself to the civic aspect of his community. From 1999 to June 2008, Mr. Massey served as a misdemeanor and felony prosecutor as well as a supervisor for the office of the Florida State attorney. Mr. Massey participates in a number of community groups including ARC Santa Rosa, in which he was chairman of the board, Kiwanis, in which he was president of the Santa Rosa Chapter, and the Santa Rosa Kids House in which he is currently the chairperson of the board of directors.

The civilian duties Mr. Massey has performed, as well as his outstanding tenure in the Air Force, is a sign of his dedication and valor. Madam Speaker, on behalf of the United States Congress, I am proud to honor Harmon O. Massey for his enduring allegiance to our great Nation and the State of Florida.

HON. RODNEY P. FRELINGHUYSEN

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 18, 2008

Mr. FRELINGHUYSEN. Madam Speaker, I rise today to honor the Mount Kemble Home, of Morristown, Morris County, New Jersey. On June 22, 2008, the residents and staff at the Mount Kemble Home will be celebrating its 125th anniversary.

The Mount Kemble Home was founded in 1883 by a group of parishioners from the Morristown Presbyterian Church as a refuge for women in need of a home. The Mount Kemble Home has been assisting women in the lower income bracket for over 125 years.

The Mount Kemble Home provides each resident with a quality one-room apartment, complete with cooking facilities. There are two living rooms with comfortable chairs for reading, watching television, or playing the piano. The front and back porches further enhance the Home with wonderful views of the surrounding neighborhood.

The Mount Kemble Home relies on donations from the community and volunteer work to keep the Home open, as the rent charged is only 25 percent of the residents' income.

For 125 years the Mount Kemble Home has been providing women in Morris County the opportunity to afford quality housing in a comfortable and safe environment. Its staff, volunteers, and charitable donors are to be commended for their hard work.
